FOAMING HAND SANITISER

RapidClean Sanitising Foam kills 99.9% of germs without water. It is a convenient, refreshing alcohol based sanitising gel that air dries in seconds to provide extra protection from cross infection when handling food, changing nappies, after toilet use and following contact with animals.

RapidClean Sanitising Foam contains moisturisers and is pH balanced to be gentle to the skin, it contains no fragrance, preservatives or colouring agents.

RapidClean Sanitising Foam is dispensed via attractive wall mounted dispensers for ease of use.

DIRECTIONS FOR USE

1. Ensure hands are clean and dry before use.
2. Apply 3mL (1-2 pumps) to the hands and rub in, ensuring complete coverage, for 30 seconds.
3. The product will air dry on the skin. No further washing or rinsing is required.

SUITABILITY OF CHEMICAL FOR FOOD PREPARATION AREAS

When used as directed Hand Sanitiser is suitable for use in kitchens and food preparation areas.
