

# Quick Strip

## Hard Floor Stripper

- Fast acting
- Caustic and residue free
- Liquefies old sealers on contact
- Safe on most flooring

**F3** FLOORCARE

Quick Strip is a fast, efficient, labour saving method for removing floor finishes and wax sealers with a minimum of scrubbing. Quick Strip is a low odour ammonia free stripping system. Quick Strip is caustic free and residue free.

Quick Strip quickly liquefies and suspends the sealer in a liquid emulsion which is easily removed with an autoscrubber or mop and bucket. Quick Strip can be used on vinyl, vinyl asbestos, rubber, no-wax linoleum, lino tile, marble, terrazzo, ceramic quarry tiles and most types of flooring.

### DIRECTIONS FOR USE

Depending upon the degree of sealer on the floor, Quick Strip can be diluted as follows:

PRODUCT USE	DILUTION RATE
Heavy Build-up	200ml/L of water
Moderate Build-up	143ml/L of water
Light Build-up	77ml/L of water

Add recommended amount of Quick Strip to cold water and apply liberally to the floor. Allow to work for 3 to 5 minutes, being sure to keep the floor wet. Scrub the floor using a black pad. Pick up the dissolved sealer. Rinse the floor with clean water and allow the floor to dry. Note that since Quick Strip is residue free it is not absolutely necessary to rinse the floor after stripping.

### SAFETY DATA

For further information refer to the Safety Data Sheet (SDS)

### HEALTH AND SAFETY STATEMENT

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/ disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.
