SHINE

Shine cleans and polishes enamel, tiles, stainless steel and chrome plated surfaces without scratching.

Shine has been specially formulated to clean and shine most hard surfaces such as enamels, tiles, stainless steel, chrome. Typical areas which Shine would be most advantageous would be hard surfaces which would be encountered in a kitchen area. Stains, grease and dirt marks are all quickly and easily removed from most hard surfaces.

FEATURES

- Multi-functional.
- Contains a broad spectrum bactericide.
- Based on mild detergents.
- Shine cleans grease, oil and grime without scratching.
- Cleans enamels, tiles, stainless steel and chrome plated surfaces.
- Will not corrode metal, leave odours, effect skin or clothing.

DIRECTIONS FOR USE

Shake well before use. Pour Shine directly onto soiled surface or squeeze onto a damp sponge. Wipe clean and rinse with a damp cloth. Replace top immediately after use.

SUITABILITY OF CHEMICAL FOR FOOD PREPARATION AREAS

When used as directed Shine is suitable for use in kitchens and food preparation areas.
